January 2012

Greetings,

As you know, Negwelon State Park is located on land adjacent to the current sanctuary boundary. The Friends of Negwelon State Park shares the sanctuary's mission of stewardship, education and research. It is in that spirit that our organization fully supports the sanctuary expansion.

The Friends of Negwelon State Park understand the importance of protecting the historical and cultural treasures on the land as well as in the waters of Michigan. Using research, monitoring, education, and resource protection programs these national treasures will be protected.

The Friends of Negwelon State Park board, on behalf of its members, supports the Thunder Bay Marine Sanctuary's management plan expanding the sanctuary's boundary to an area extending from Alcona County's southern boundary to Presque Isle County's northern boundary, east to the international border with Canada 3,662 square miles.

Sincerely,

Sue Keller, Chair
Friends of Negwelon State Park

Friends of Negwelon State Park work together to preserve, protect, and promote the park through stewardship, education, and research.
